

## East Midlands Healthcare Workforce Deanery

### Data Transfer Consent Form

Dear Trainee

The Specialty School for General Practice is part of a Deanery pilot to evaluate Virtual Learning Environments (VLEs) in Post Graduate Medical education. The VLE will be used by your educational tutors as well as trainees and may contain on-line administration updates, discussion boards, exam revision, quizzes and so forth. Such systems are typically used in university contexts so you may have come across something similar during your undergraduate years.

In order to register you on to the VLE system, which is hosted by the University of Bath, the East Midlands Healthcare Workforce Deanery is seeking your permission to transfer the following information to the system administrators at University of Bath:

<b>First Name</b>	
<b>Surname</b>	
<b>Specialty School</b>	General Practice
<b>ST Year</b>	
<b>email address (block capitals)</b>	
<b>Signature</b>	
<b>Date</b>	

Please give your consent by replying to the following email address by 24<sup>th</sup> December 2009: [vtsadministrator@nuh.nhs.uk](mailto:vtsadministrator@nuh.nhs.uk)

Many thanks

**Naresh Sood**
